

HTML Table Practice — Choose Your Topic

Your task: Pick one of the three tables below (or a similar comparison topic) and build it yourself in HTML. Your table must include:

- `<caption>` naming the table
- `<thead>` with column headers
- `<tbody>` with at least 5 data rows
- `<th>` for row headers
- At least one `rowspan`
- At least one `colspan`
- `<tfoot>` with a summary row
- Every row must fill the same number of columns

Example 1: Sneaker Showdown

Compare three sneakers across cost, comfort, and a final verdict.

Sneaker Comparison — 3 Pairs

Category	Detail	Nike	Adidas	New Balance
Cost	List price	\$120	\$110	\$100
	Sale price	\$90	\$85	\$80
	Tax	\$7.20	\$6.80	\$6.40
Comfort	Cushion	Medium	Soft	Firm
	Fit	Narrow	True to size	Wide
Verdict	Best overall: Adidas — great cushion, true to size, and on sale.			
Comparison covers 3 sneakers across 3 categories.				

Example 2: Game Stats

Track player performance for a team, grouping starters and bench.

Squad Stats — Last Match

Role	Player	Kills	Deaths	Assists
Starting	Player A	10	2	5
	Player B	8	3	4
	Player C	6	4	7
Bench	Player D	3	5	2
	Player E	2	6	1
Team Total	29 kills · 20 deaths · 19 assists			
Stats from match on Oct 12. Starters led in kills; bench provided support.				

Example 3: Streaming Service Comparison

Compare features of four popular streaming services.

Streaming Services — Which One Wins?

Feature	Netflix	Hulu	Disney+	Prime
Cost	Monthly	\$15.49	\$7.99	\$7.99
	Annual	—	\$79.99	\$79.99
Content	Best Show	Stranger Things	The Bear	The Mandalorian
	Originals	Many	Some	Star Wars / Marvel
Verdict	Best value: Disney+ — low price, strong originals, annual discount.			
Prices as of Fall 2025. Annual plans save about 16%.
